

## **ERP Consultant (Ref: DEX-2017-01)**

Dexterity Solutions Ltd is involved in the development, marketing and technical support of cutting-edge software solutions for local and international clients. We are the authorised partner for Priority Software in Cyprus.

We are seeking to employ an experienced ERP Consultant to join our talented team working on the implementation, quality assurance and technical support of solutions based on Priority ERP.

This is full-time position based in our office just outside Nicosia, suitable for people who enjoy working in a challenging environment, and have a passion for technology and its ability to transform business.

### **Qualifications**

- University degree in a related subject
- At least 3 years experience supporting ERP systems
- Good understanding of enterprise business processes
- Basic knowledge of accounting principles
- Excellent analysis and communication skills
- Strong skills in database programming
- Fluent in Greek and English
- Experience in software development will be considered an advantage

We offer a competitive salary based on ability & experience and flexible working conditions.

If you are interested in the above position please send us your Curriculum Vitae with a cover letter to [careers@dexterity.com.cy](mailto:careers@dexterity.com.cy) quoting the above reference.
